ALL PROGRAMS AND POLICIES ARE SUBJECT TO CHANGE WITHOUT NOTICE

No early delivery of grain contracts for November or later will be accepted. Early deliveries of contracted grain will be priced out on the day of delivery and the original contract will remain in place.

Grain Application at the scale: Our new grain software requires that the disposition of the grain is entered correctly, at the Scale, when the grain is delivered. All drivers delivering grain will need to know the following information: Grain owner(s), Grain Share Splits, Grain disposition (Cash, Warehouse Storage, Feed Bank, Delayed Price Agreement).

Deferred Payment Contracts will be available for both corn and soybeans. **Grain committed to** deferred payment cannot be changed. Verbal deferred payment instructions are also irrevocable.

Grain will be priced based on its actual delivery point on the date of sale.

Feed Bank Program

Corn deliveries for Feed Bank are limited to Worthington, Windom, Mankato, Magnolia and New Vision shuttle loading locations at Brewster, Hills, Heron Lake, Mountain Lake and Miloma. The first 60 days of feed bank stored grain will be free. If feed bank grain is stored beyond 60 days, storage charges will be invoiced at \$.055 per bushel per month based on the month end balance. Off grade corn containing high Damage and high Foreign Material cannot be deposited into Feed Bank account. Feed bank grain not processed for feed will be subject to regular storage charges and a **\$.25 per bushel penalty.**

On Farm pick-up will be available on corn and soybeans on a first come-first served basis with priority given to New Vision satellite locations. Contact any New Vision office for additional information.

STORAGE

No minimum charge! The storage rate will be \$.065 per bushel per month with charges calculated on a daily basis. Limited storage space will be available for corn and soybeans on a first come-first served basis. Storage space will depend on pre-harvest inventory, car supply, crop size, and soybean purchases during harvest. **All grain that is sold out of Storage, DPA, or Warehouse Receipts will be sold on the spot cash market ONLY. Stored grain cannot be applied to Forward Contracts.**

Grain Grade and Moisture Standards

CORN. 2024 crop, Test Weight, Damage, and Foreign Material will be averaged by delivery period. New Vision corn bids are based on #2 yellow corn grade factors and settled at market discounts on the date of sale. Loads above 4.0% Foreign Material and 10.0% Damage will be settled individually and not be included in grade averages.

Harvest Moisture Discounts: 1.4% shrink and a drying charge of .05 per bushel for each point of moisture removed. Loads up to 16.0% moisture will be averaged for Cash and Contracts only, provided the overall average is 15% moisture or less.

Cash and Contract corn will be shrunk to 15.0%

Storage, Feed Bank and Delayed Price Agreement Contracts will be shrunk to 14.0%

SOYBEANS. 2024 crop, Test Weight and Damage will be averaged by delivery period. New Vision soybean bids are based on #1 Yellow Soybean grade factors and settled at market discounts on the date of sale.

Bushels will be deducted from any load with Foreign Material over 1.0%

Harvest Moisture Discounts: 1.0% shrink for each 0.5% of moisture over 13.0% to 15.0%, 1.5% shrink for each .5% over 15.0%. Soybeans over 17.0% moisture may be rejected. Loads with moisture 14.0% and below will be averaged by delivery period. Soybeans will be shrunk to 13.0%, Cash, Storage, and DPA.

Worthington, Windom, Mankato, and Magnolia Feed Corn Deliveries

Since this corn must be of top quality to satisfy the requirements for the rations of our feed customers, corn not suitable for feed processing will be discounted \$.04 per bushel to offset the transfer expense to one of our rail loading locations.
