

SETTLEMENT & DISPOSITION

- Disposition (owner, splits, application, storage) is required upon delivery
- Please allow 24 hours from the last load received or from check request before grain check is issued

GRAIN BANK

Available for corn at designated New Vision locations.

- First 60 days of storage are free. After 60 days, storage charges apply
 - \$0.08/bu/month flat rate
- Off-grade corn with excessive damage or foreign material is not eligible
- Grain not processed for feed is subject to regular storage charges and load out fees.

ADDITIONAL

- All priced grain must be settled within 30 days.
- Contracts must be signed and returned within 30 days.
- Deferred payments available for both corn and soybeans.
- ACH direct deposit is available for grain payments.

OPEN STORAGE

- Storage rate at \$0.08/bu, pro-rated daily from delivery
- Stored grain sold on spot cash market only and may not be applied to forward contracts.

DELAYED PRICE

- Storage rate at \$0.07/bu, pro-rated daily from delivery
 - Charges deducted at time of settlement
- Fall 2026 DP grain pricing deadline is October 8th, 2027
 - Bushels not priced by 10/08/2027 will be priced at next business day closing price

CONTRACT ADVANCES

Corn:

- Advance rate: \$2.50/bu
- Shrunken to 15% moisture; drying charges applied prior

Soybeans

- Advance rate: \$6.50/bu
- Shrunken to 13% moisture

GRAIN GRADE & MOISTURE

CORN

Moisture Discounts:

- 1.4% shrink per point (broken at the tenth)
 - \$0.05/bu for each point of moisture removed
- Loads up to 16% will be averaged for Cash/Contract loads only (15.0 or less average)
- Cash/Contract corn shrunk to 15%
- Storage, Grain Bank and Delayed Price Contracts will be shrunk to 14.0%

Test Weight, Damage, and Foreign Material will be averaged by delivery period. New Vision corn bids are based on #2 Yellow Corn grade factors and settled at market discounts on the date of sale.

Loads above 4.0% Foreign Material and 10.0% Damage will be settled individually and not be included in grade averages.

SOYBEANS

Harvest Moisture Discounts:

- 1% shrink each ½ point 13-15%, 1.5% shrink for each ½ point 15-17%
 - Loads over 17% moisture are subject to rejection
- Loads with 14% and down will be averaged by delivery period.
- Storage, Grain Bank and Delayed Price Contracts will be shrunk to 13.0%

Test Weight and Damage will be averaged by delivery period. New Vision soybean bids are based on #1 Yellow Soybean grade factors and settled at market discounts on the date of sale.

Bushels will be deducted from any load with Foreign Material over 1.0%
